Help Families Go Solar

**PHILADELPHIA
GREEN CAPITAL CORP**
ACCELERATING OUR CLEAN ENERGY FUTURE

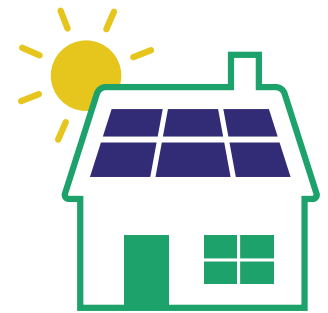

Have solar? You can donate your solar renewable energy credits (SRECs) to support solar installations in low- and moderate-income communities across Philadelphia.

To learn more, go to phillygreencapital.org/sharethesun

What are SRECs?

Solar Renewable Energy Credits (SRECs) are performance-based incentives that create economic value from solar generation. A typical home generates about 5 SRECs/year.

SRECs donated by **1 home** can help **1 new family go solar.**

Low-income households represent only

of solar installations, compared to

48% of solar installations from moderate-income households¹

More Low-Income Families Going Solar...

- ✓ Lowers energy bills
- ✓ Builds local climate resilience
- ✓ Improves public health & safety
